

INTERNATIONAL MARKETING PROGRAM

*Helping Washington Companies
Expand Food and Agricultural
Exports Around the World*

EXPLORE YOUR EXPORT OPPORTUNITIES!

August 19-23, 2024

WSDA's International Marketing Program Representatives from **SE Asia (Singapore, Malaysia, Indonesia, Thailand, and the Philippines), Korea, Vietnam, Japan, and Mexico/Central America** will be in Washington State for in-person consultations.

We invite you to meet with our reps in Seattle or Mt. Vernon to gain market insights and information that will help your company develop your export strategies and grow your export sales.

Consultations are a great opportunity for you to learn about these markets, understand local distribution channels, identify opportunities, work on your export or marketing plan, identify buyers, get help with labeling/packaging/documentation, understand import regulations or address an issue your company faces.
